

School and Community Relations

Parent Involvement in Schools

Purpose:

The Gadsden Independent School District values the participation of parents in the operation of its schools.

Participants:

Parents, building administrators, teachers, and students

Process:

Gadsden Independent School District encourages collaboration with parents. In accordance with federal law, it is the policy of the Gadsden Independent School District to design and implement its federal programs in consultation with parents and teachers of the children being served.

Timeline:

On-going throughout the school year.
