## TO THE FILE:

Price's Creameries delivered their bid at 2:01 pm, after the official closing time of 2:00 pm, and so it was not accepted. No other bids were received for that commodity.

Previously, Farmers Dairies had notified GISD that they had been purchased by Price's Price's assumed Farmers existing contract with GISD for the period through June 30, 2006.

For the last ten years, the only dairies who have responded to our invitation to bid have been Farmers and Price's. However, to verify that there weren't other dairies who wo be able to respond if we re-bid, we spoke with the local dairies and asked if they would be able to sell milk directly to the District. None of them sell directly to consumers.

Therefore, in light of these circumstances, and for expediency because the current bid expires June 30, 2006, Price's was contacted and asked to resubmit their bid.
