DR. VERONICA C. GARCÍA SECRETARY OF EDUCATION

September 5, 2008

MEMORANDUM

TO:

School District Superintendents and Transportation Directors

FROM:

Gilbert A. Perea, Assistant Secretary

Program Support & Student Transportation

SUBJECT: SUPPLEMENTAL FUEL ADJUSTMENT FOR 2008-2009

The Legislature approved a supplemental fuel adjustment for school transportation operations, which will be distributed to school districts during the current school year. The Public Education Department will authorize the use of the funds pursuant to the district's submission of the appropriate measures to maximize fuel efficiency as requested by Secretary Veronica C. Garcia on August 16, 2008.

In order to access these funds, please submit a budget adjustment request for the fuel adjustment amount that you are eligible for. The revenue source is 43104 Emergency Supplemental.

Keep in mind that contracted services shall be adjusted in object 55112 and a contract amendment needs to be approved by your local board. A copy of the contract amendment must be submitted with your BAR. School districts that operate their own equipment shall budget their amount in the respective objects 56211 – Gasoline; 56212 - Diesel, and/or 56213 Propane/Natural Gas.

Attached is a breakdown of the amounts that each school district is eligible for based on the annual reported school bus miles on the November 15, 2007 report.

These funds are intended for fuel adjustments only and can not be transferred to any other object in your budget or contract expenditure. Balances remaining at the end of FY09 may be adjusted or recovered. The school district is responsible to verify that contract operations expend their portion of revenue identified in the contract (including this adjustment) only on fuel purchases for school bus operations. Balances remaining on the contract for fuel at the end of FY09 may be adjusted or recovered in accordance with the contract provisions.

If you need any additional information, please contact Carlos Santiago, Transportation Bureau Chief at (505) 827-6640.
