RE: Educational Experience Affiliation and Program Agreement No. A-1453

Dear Ms. Creegan:

Enclosed are two originals of the Educational Experience Affiliation Agreement and Program Agreement between your organization and The University of Texas at El Paso. This material is sent to you at the request of Dr. Thomas Beeman in the Master of Health Services Administration program.

The **Affiliation Agreement** is a general, formal agreement in a standard format adopted by the Board of Regents of The University of Texas System. The Board requires that affiliation agreements be executed to assure the mutual understanding of both organizations in regard to cooperation for training of students enrolled at the University. The **Program Agreement**, also enclosed, states more specifically the nature and conditions of the particular training experience in the program being provided for students.

**Please have an authorized representative sign each enclosed document and then return one fully executed original to me at the following address:**

**The University of Texas at El Paso  
Office of Research and Sponsored Projects  
500 W. University Ave.  
Administration Building, Room 209  
El Paso, TX 79968**

We look forward to continuing cooperation between our two organizations. Should you have any questions concerning this matter, please contact Dr. Thomas Beeman at (915) 747-7251.

Sincerely,

A handwritten signature in black ink, appearing to read 'Martha L. Gamillo', is written over a white, stylized signature line.

Martha L. Gamillo  
Administrative Assistant I
