Dear Ms. Nava:

Congratulations! Gadsden Independent Schools Enhancing Education Through Technology (EETT) project which was funded in September 2008 has been recognized nationally in the 2010 SETDA National Educational Technology Trends Study. As proposed, the NMPED will increase your funding by an additional amount of \$18,000.00 to expand on-line supplemental resources associated with the Giga project which focuses on Mathematics.

As you know the Title 2D (EETT Fund) provides assistance to school districts with high numbers and percentages of children living in poverty and with the greatest need in acquiring technology. Gadsden Independent Schools has made significant progress in achieving this goal through the 1:1 initiative at Chaparral Middle School.

Should you have any questions, please feel free to contact, in the program office: Andrew T. Rendón at (505) 827-6572 or via e-mail at andrew.rendon@state.nm.us.

Truly,

Veronica C. Garcia, Ed. D.
