Background and Summary:

Pursuant to Article 12, Section 6 of the New Mexico Constitution, the secretary of the public education department has administrative and regulatory powers and duties, including all functions relating to the distribution of school funds and financial accounting for the public schools to be performed as provided by law. To administer effective spending priorities when approving programs, school district and charter school budgets, budget adjustment requests, and in setting the unit value, the secretary shall verify and audit student membership and program units. The secretary of public education shall work with and assist superintendents and school boards and head administrators and governing bodies of charter schools to ensure efficient spending practices, that membership and program units are correctly calculated, and school district and charter school operating budgets are implemented in a manner that will minimize adverse impacts to instructional programs and student achievement. The secretary shall ensure that the number of instructional days will not be reduced.

The original school calendar approved included a reduction of instructional days, thus the revision.
