Dear Superintendent Yturralde,

The Public Education Department (PED) is pleased to announce that your district has been approved for an award from the Emergency Transportation Fund to supplement increased fuel costs incurred in FY12 for to and from transportation. These funds are for fuel adjustments only and cannot be transferred to any other object in your budget or contract expenditure. Balances remaining at the end of FY12 may be adjusted or recovered.

Before the PED can send the funds to your school district a budget adjustment request (BAR) must be submitted and approved through the Operating Budget Monitoring System. The revenue source is 43104 Emergency Supplemental. Please note that contracted services should be adjusted in object 55112 and copies of amended contracts need to be submitted with the BAR. School districts who operate their own equipment shall budget their amount in the respective objects: 56211 – Gasoline, 56212 - Diesel and/or 56213 Propane/Natural Gas. The funding has been awarded to the specific entities listed below:

Gadsden	Boone Transportation	\$42,860.39
---------	----------------------	-------------

Congratulations and best wishes as you continue your work to provide the best possible education to the children of New Mexico. Should you have any questions, please contact Antonio Ortiz at (505) 827-3863 or at antonio.ortiz1@state.nm.us.

Sincerely,
