Background and Summary:

The State of NM has available \$200,000 to award to Districts who meet the necessary requirements that address immigrant student growth. Our District meets those requirements and would like permission to submit the attached proposal. Our immigrant population has increased in the last three years by 83%. We would like to access these funds for an addition of a Family Literacy Center for the Anthony area as well as to ask for funding for after school tutoring for these students.

Recommendation:

Approval by the School Board for submission to PED.
