Approved By: Steve Suggs Date – September 25, 2014

Background and Summary:

The Director of Federal Programs requests consent to extend and enrich current district parental outreach services with the Home Visiting Program through an affiliation with the Children, Youth and Families Department of New Mexico. Staff will support families of children, pre-natal through age five, who request support in 1) parent-child interaction, 2) development centered parenting and 3) family well-being. The services will provide families of children in their early years organizational supports to help children grow and develop optimally during the crucial early years of life. This follows the notion that a parent is the first teacher a child has, and those best equipped, do the best job. The district will submit a BAR upon receipt of fully executed Scope of Work and Budget from the NM CYFD.

Recommendation:

Approval of Scope of Work and Budget for Home Visiting Program through CYFD
