Background and Summary:

Several legislative actions, including HB 411, designed to provide assistance to students who have experienced "disruption in the education process", are addressed in new NMSBA-recommended policy JGC, Assignment of At-Risk Students to Classes and Programs. These students include homeless children, children in foster care and children involved in the juvenile justice system. Policy EEAA, Walkers and Riders, is changed to facilitate the transportation of students who have experienced disruption in their education process by allowing the use of school-owned sport utility vehicles under certain conditions.
