- Students with disabilities who require transportation, as indicated in their respective individual education programs including three (3) and four (4) year-old developmentally disabled children.
- Students living within a two (2) mile radius of the school where hazardous or difficult routes exist and where other arrangements cannot be provided.

 - If students in grades seven (7) through nine (9), live more than a mile and a half (1 1/2) from the school.

- Transportation for homeless students and foster children to their school of enrollment, if it is the school of origin, will be arranged as needed by the school liaison or contact person for ~~homeless students~~ those students.

Upon proof of need by the Superintendent and as specified in statute 22-16-4 NMSA, up to six (6) students whose residences are five (5) or more miles from their school or schools of enrollment, may be transported to and from school by means of a school-owned sport utility vehicle, driven by a school employed certified activity driver, in accord with the safety rules of the Public Education Department.

Transportation Zones

The following stipulations will define bus transportation zones and other items that may affect students in open enrollment.

Student(s) who select the freedom of choice alternative in school attendance, and commute from one zone to another must provide individual means of transportation. The District assumes no responsibility in freedom of choice transportation endeavors nor will the District provide transportation for the students.

Transfers must be made at the beginning of a semester. If an emergency arises or reasonable justification can be provided, the school principal will review the request. In the event the principal negates the request, the matter may be presented to the Superintendent and ultimately to the Board for a decision.

Transfer students will be expected to remain in the school of their choice until the close of the semester in which they are enrolled.

Students may be denied enrollment in a school out of their attendance boundary if the school of their choice is overcrowded.
