Background and Summary:

The additional funding assigned for Homeless Students will be used to provide additional support to our homeless families.

When they cannot find a shelter, we will provide hotels for them until they find a place to stay. We will provide transportation for the homeless students who will need to be transported from their shelters to the school, and we will cover the student's needs on hygiene products, food, school supplies, clothing, school fees, or birth certificates.

Also, we will provide Professional Development to all GISD staff to create an awareness between all staff on how to identify a homeless student and how to do the referral to the social worker. We will buy a software program so PD on Homeless can be available to staff.
